## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Department of Revenue (DOR)** responded that the provisions of this proposal authorize a specialized MO-AG. license plate. Each applicant must pay an additional \$15 fee for the plate. This proposal will have an impact on revenue; however, because the MVB does not know the number of individuals who will apply for this special plate, the revenue increase cannot be determined. This will have an UNKNOWN revenue increase

DOR could not determine the number of MO-AG. plates that will be requested. The Department of Agriculture has indicated that without a definition of what a MO-AG Business is, they are unable to provide MVB with statistics. This will have an UNKNOWN impact on the MVB.

Officials from the **Department of Transportation** concur with the Department of Revenue's response.

An official with **Missouri Agriculture Industries Council**, a private trade organization and sponsor of the "MO-AG BUSINESSES" program said they had approximately 600 members. The official estimated that a few employees of the trade organization would likely purchase the special license plates but that an estimate of member purchases of the plates was difficult to make.

**Oversight** assumes the number of license plates to be sold, and thus the fiscal impact of this proposal is unknown.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

The proposal provides that any motor vehicle owner who has obtained an annual emblem-use authorization statement from the MO-AG Businesses may apply for MO-AG Businesses to receive special license plates. The license plates shall bear the words "MO-AG" and their emblem.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
